NORTHERN IRELAND

Undergraduate Development Programme

CITB-ConstructionSkills Northern Ireland delivers the Undergraduate Development Programme which assists students undertaking part-time or full-time Degree, HND or Foundation Degree courses relating to construction and the built environment.

The aim of this programme is to develop skills which employers are looking for in graduate level new entrants coming into the construction industry.

NORTHERN IRELAND

The Undergraduate Development Programme is a 10 day programme for students placed with construction employers during their placement.

Course Information

Students are required to attend each of the 10 days training offered as part of the Undergraduate Development Programme during their placement. The programme is delivered at Nutts Corner Training Centre.

This training is free for Undergraduates currently on placement with registered CITB - ConstructionSkills Northern Ireland in-scope companies
